**FOR IMMEDIATE RELEASE:**

**DDR Announces Early Tender Results of Cash Tender Offers  
and Consent Solicitation for Certain Outstanding Debt Securities**

BEACHWOOD, Ohio, February 13, 2018 /Business Wire/ – DDR Corp. (NYSE: DDR) (the “Company”) today announced the early tender results of its previously announced tender offer (the “Any-and-All Tender Offer”) to purchase for cash any and all of its 3.500% Notes due 2021 (the “Any-and-All Notes”), as described in the first table below, and tender offers (the “Maximum Tender Offers” and, together with the Any-and-All Tender Offer, the “Tender Offers”) to purchase for cash up to \$600,000,000 (the “Maximum Tender Amount”) combined aggregate principal amount of certain of its debt securities (collectively, the “Maximum Tender Notes” and, together with the Any-and-All Notes, the “Notes”), in the priorities (the “Acceptance Priority Levels”) and subject to the series tender caps (the “Series Tender Caps”) set forth in the second table below.

In conjunction with the early tender results of the Any-and-All Tender Offer, the Company also announced the results as of 5:00 p.m., New York City time, on February 12, 2018 (the “Early Tender Deadline”) of its solicitation (the “Consent Solicitation”) of consents (the “Consents”) from holders of the Any-and-All Notes to certain amendments (the “Proposed Amendments”) to the indenture governing the Notes (the “Indenture”) to reduce the minimum notice requirement for optional redemption of the Any-and-All Notes to two business days. Holders who validly tender Any-and-All Notes pursuant to the Any-and-All Tender Offer are deemed thereby to validly deliver their Consents with respect to such Any-and-All Notes to the Proposed Amendments, including the execution and delivery of a supplemental indenture to the Indenture implementing the Proposed Amendments (the “Supplemental Indenture”). Because Consents of the holders of a majority of the aggregate principal amount of the Any-and-All Notes (the “Requisite Consents”) were received as of the Early Tender Deadline, the Company expects that it and the Trustee will promptly execute and deliver the Supplemental Indenture following the satisfaction or waiver of the conditions to the Tender Offers and the Consent Solicitation, including the Financing Condition (as defined below). It is expected that the Proposed Amendments will become operative on the first acceptance date following the satisfaction or waiver of the conditions to the Tender Offers and the Consent Solicitation, including the Financing Condition. Subject to the satisfaction or waiver of all the conditions to the Tender Offers and the Consent Solicitation, including the Financing Condition, the Company intends to issue a notice of redemption to redeem all of the Any-and-All Notes not purchased pursuant to the Any-and-All Tender Offer on the earliest date following the consummation of the Any-and-All Tender Offer. This statement of intent shall not constitute a notice of redemption under the Indenture or an obligation to issue a notice of redemption.

The “Total Consideration” for each series of Notes validly tendered and not validly withdrawn as of the Early Tender Deadline and accepted for purchase pursuant to the Tender Offers will be determined by reference to the applicable fixed spread (the “Fixed Spread”) specified for such series of Notes over the yield (the “Reference Yield”) based on the bid-side price of the applicable U.S. Treasury Security (the “Reference U.S. Treasury Security”) specified for each series of Notes, as calculated by the Dealer Managers and Solicitation Agents (as defined below) at 11:00 a.m., New York City time, on February 13, 2018 (such time and date, as it may be extended, the “Price Determination Time”). The Total Consideration includes an early tender premium of \$30.00 per \$1,000 principal amount of Notes (the “Early Tender Premium”). Subject to the satisfaction or waiver of the conditions to the Tender Offers and the Consent Solicitation, including the Financing Condition, and, with respect to the Maximum Tender Notes, subject to the Maximum Tender Amount, the applicable Acceptance Priority Levels, the Series Tender Caps (where applicable) and proration (as applicable), holders of Notes that were validly tendered and not validly withdrawn at or prior to the Early Tender Deadline and accepted for purchase will receive the applicable Total Consideration, which includes the Early Tender Premium. Holders of Any-and-All Notes who validly tender their Any-and-All Notes and thereby validly deliver their Consents following the Early Tender Deadline and at or prior to the Expiration Time (as defined below) will only receive the applicable “Tender Offer Consideration,” which is an amount equal to the applicable Total Consideration minus the Early Tender Premium, per \$1,000 principal amount of any such Any-and-All Notes accepted for purchase.

The Tender Offers and the Consent Solicitation are being made solely pursuant to, and are subject to the terms and conditions set forth in, the offer to purchase and consent solicitation statement, dated January 30, 2018 (the “Offer to Purchase”), and a related letter of transmittal and consent (the “Letter of Transmittal”).

As the Maximum Tender Offers were over-subscribed as of the Early Tender Deadline, the Company expects that, subject to the satisfaction or waiver of the conditions to the Tender Offers, including the Financing Condition, all of the 7.50% Notes due 2018, the 3.375% Notes due 2023 and the 3.900% Notes due 2024 validly tendered and not validly withdrawn as of the Early Tender Deadline will be accepted for purchase, the 3.625% Notes due 2025 validly tendered and not validly withdrawn as of the Early Tender Deadline will be subject to proration and only a portion of those Notes will be accepted for purchase, and none of the 4.625% Notes due 2022, the 4.250% Notes due 2026 or the 4.700% Notes due 2027 that were tendered pursuant to the Maximum Tender Offers at or prior to the Early Tender Deadline will be accepted for purchase. Furthermore, the Company expects that it will not accept for purchase any Maximum Tender Notes tendered following the Early Tender Deadline pursuant to the Maximum Tender Offers.

Payments for Notes purchased will include accrued and unpaid interest from and including the last interest payment date applicable to the relevant series of Notes up to, but not including, the applicable settlement date for such Notes accepted for purchase.

Notes not accepted for purchase will be promptly credited to the account of the registered holder of such Notes with The Depository Trust Company and otherwise returned in accordance with the Offer to Purchase and the Letter of Transmittal.

The Tender Offers and the Consent Solicitation will expire at 11:59 p.m., New York City time, on February 27, 2018, unless extended (such date and time, as it may be extended with respect to a series of Notes, the "Expiration Time"), unless earlier terminated.

If (i) all of the conditions to the Tender Offers, including the Financing Condition, are satisfied or waived prior to the Expiration Time and (ii) the Company accepts for purchase any Notes validly tendered and not validly withdrawn at or prior to the Early Tender Deadline and such acceptance occurs on a date that is after the Early Tender Deadline but prior to the date on which the Expiration Time occurs (such date of acceptance, the "Early Acceptance Date"), then the Company will promptly pay for such accepted Notes on a date prior to the Final Settlement Date (as defined below), which date may be the Early Acceptance Date (such date, the "Early Settlement Date"). The Company anticipates that the Early Acceptance Date and the Early Settlement Date will occur promptly following the satisfaction or waiver of all conditions to the Tender Offers, including the Financing Condition. The Company expects that the Early Settlement Date will be February 16, 2018. If (i) all of the conditions to the Tender Offers, including the Financing Condition, are satisfied or waived at or prior to the Expiration Time and (ii) after the Expiration Time, the Company accepts for purchase any Notes validly tendered, which acceptance is expected to occur on February 28, 2018, the first business day after the Expiration Time (such date, the "Final Acceptance Date"), then the Company will pay for such accepted Notes on or promptly following the Final Acceptance Date (such date, the "Final Settlement Date"). If all the conditions to the Tender Offers and the Consent Solicitation, including the Financing Condition, are not satisfied or waived prior to the date on which the Expiration Time occurs, but are satisfied or waived on the date on which the Expiration Time occurs, there will be no Early Settlement Date, and all of the Notes validly tendered and accepted for purchase will be paid for on the Final Settlement Date.

The Tender Offers and the Consent Solicitation are subject to the satisfaction or waiver of certain conditions, including the Financing Condition. The Company must have consummated its anticipated committed commercial mortgage-backed securities financing, secured by mortgages on, and pledges of equity interests in, certain of the Company's United States properties and a pledge of cash flows from, and pledges of equity interests in, its Puerto Rico properties, on terms reasonably satisfactory to the Company and providing for the issuance or the availability of indebtedness having an aggregate principal amount sufficient to pay (i) the Total Consideration with respect to the aggregate principal amount outstanding of the Any-and-All Notes, regardless of the actual amount of Any-and-All Notes tendered, plus accrued interest, (ii) the Total Consideration with respect to the Maximum Tender Amount of the Maximum Tender Notes, regardless of the actual amount of Maximum Tender Notes tendered, plus accrued interest, and (iii) applicable fees and expenses relating to the Tender Offers and the Consent Solicitation (collectively, the "Financing Condition").

None of the Tender Offers is conditioned upon the tender of any minimum principal amount of the Notes. Adoption of the Proposed Amendments is, however, conditioned upon receipt of the Requisite Consents, which were validly delivered and not validly revoked as of the Early Tender Deadline. Subject to applicable law, the Company reserves the right to increase or decrease the Maximum Tender Amount, increase, decrease or eliminate the Series Tender Caps and/or provide for a series tender cap for any series of Maximum Tender Notes to which a Series Tender Cap did not previously apply, in each case, in its sole discretion. There can be no assurance that the Company will exercise its right to increase or decrease the Maximum Tender Amount, increase, decrease or eliminate the Series Tender Caps or provide for new series tender caps.

The purchase of any series of Notes is not conditioned upon the purchase of any other series of Notes; provided that the Company's obligation to accept for purchase any Maximum Tender Notes validly tendered in the Maximum Tender Offers is subject to the Maximum Tender Amount, the applicable Acceptance Priority Levels and the Series Tender Caps (where applicable) and may be subject to proration, each as more fully described herein.
